Become the leader people love to follow.

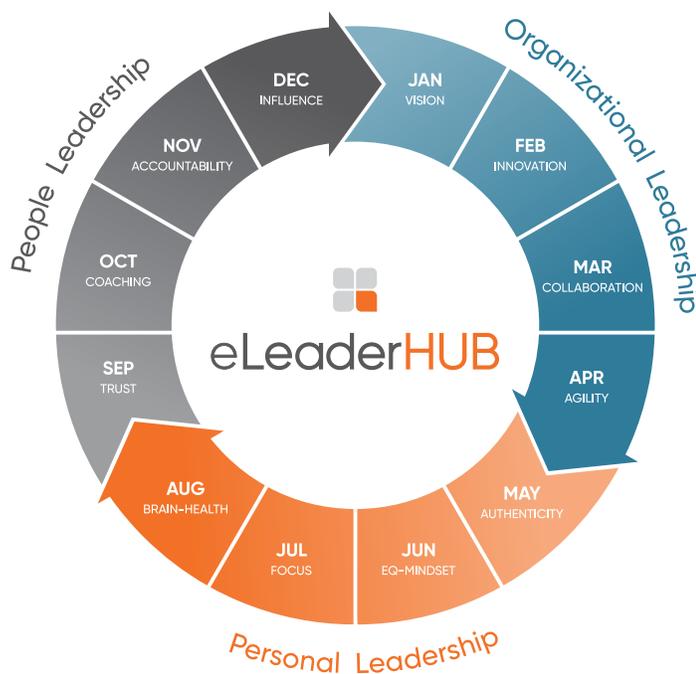

Developed with busy managers in mind, an eLeaderHUB subscription provides access to monthly live webinars, micro-training, worksheets, tools, self-assessments, and a community of like-minded professionals to help participants lead better from day one. Participants can join the program at any point in the year, and enrollment includes a Virtual Summit Pass.

Make leadership excellence a habit.

Leaders rarely set aside time for their own personal development, and when they do it's often sporadic. The monthly focus in eLeaderHUB helps leaders develop a healthy habit of leadership excellence. Monthly lessons provide ample time to apply the learning through workplace practice, increasing retention while building competency and confidence.

Year-Round Focus on Leadership Growth

eLeaderHUB offers bite-sized insights with straightforward, practical advice on how to lead confidently and become the leader that others love to follow. Throughout the year, it covers personal leadership, people leadership, and organizational leadership. Participants learn the technical and brain-based components of leadership through monthly tools and practice, with prompts to teach back what they've learned with their team. This helps to amplify the investment and solidify the learning. The program is designed so that leaders can improve at their own pace, with an active HUB community to discuss challenges along the way.
